

FREEDOM OF SPEECH

Safeguarding Speech In The Digital World

www.iamd.io

It is without a doubt that the right to free speech is an ideology that encourages people to freely express their thoughts and opinions without worrying about reprisal, censorship, or legal repercussions. But it's quite unfortunate that despite living in a highly digitalized world of social interactions, there are some individuals whose voices have been taken away from them.

Good news! The Free Speech Token (1AMD) is here. The ever-first human activist token that operates on the BNB smart chain built to provide financial support for those who have been a target of free speech constraints in a highly digitalized world of social interactions. This token came at a time when it is challenging for content creators, activists, groups, and people who have been silenced by the skewed algorithms of the elitist platforms to profit from their work. This is what we aim to put to stop. We are committed to protecting the foundational right of free speech through decentralized finances. Our primary objective of The Free Speech Token (1AMD) is for it to be used as a primary currency to uphold the right to free speech, support victims of explicit and shadow bans, and eliminate the fear of expression among those who do not adhere to the mob's dominant ideology.

"Everyone is in favour of free speech. Hardly a day passes without its being extolled, but some people's idea of it is that they are free to say what they like, but if anyone says anything back, that is an outrage."

Winston Churchill

"If liberty means anything at all, it means the right to tell people what they do not want to hear."

George Orwell

"I disapprove of what you say, but I will defend to the death your right to say it."

Evelyn Beatrice Hall

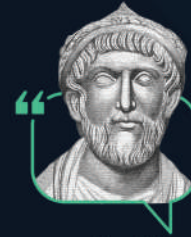

"Freedom of expression is the matrix, the indispensable condition, of nearly every other form of freedom."

Benjamin N. Cardozo

"Error of opinion may be tolerated where reason is left free to combat it."

Thomas Jefferson

"So long as you are a slave to the opinions of the many you have not yet approached freedom or tasted its nectar."
